

What it means to be a...

Volleyball Player

By: Alexandria Hedlund

It means...a killer spike that shakes the floor.

It means...practice, practice, practice!

It means...sacrificing your body to keep the ball in play.

It means...recognizing your team as your second family.

It means...hard-  
core, sweaty,  
and smelly  
practices!

It means... collecting  
medals after the  
championship game.

It means...hearing and  
experiencing a sound-  
shattering block to the  
defenseless ball.

It means...game  
point is  
approaching and  
your adrenaline  
begins to rush.

**But most of all...**

**It means...teamwork,  
determination, and the  
love of the game!!**
